Type-S

Notes:

Remarque: Les spécifications peuvent changer sans préavis. # Paramètres T/S mesurés/calculés avec bobines reliées en série, après rodage.

- * Ne pas utiliser cette spécification souvent mai comprise comme référence pour la puissance du haut-parleur d'extrêmes graves.
- ** Panneau de 0,75 po (19 mm) d'épaisseur, ouverture correspondant environ au diamètre intérieur du joint d'étanchéité.
